

## SUMMARY

Highly Motivated Computer Science Engineer skilled in coding, algorithms, frameworks, and OOPs concepts. Experienced in developing interactive projects and a personal portfolio website. Proactive problem-solver with hands-on experience in full-stack web development and a passion for learning new technologies.

## EDUCATION

### B.E COMPUTER SCIENCE

2020 - 2024

SRM Valliammai Eng College

CGPA - 8.9

### HSE

2019 - 2020

Sri Gnanananda Mat Hr Sec Sch

- 71.2%

### SSLC

2017 - 2018

Sri Gnanananda Mat Hr Sec Sch

- 88.8%

## SKILLS

- HTML
- CSS
- JavaScript
- SQL
- Python
- Node JS

## CERTIFICATES

Python Full Stack Developer

-Besant Technology

## PORTFOLIO

[bakkiya122.github.io/bakkiya-portfolio/](https://bakkiya122.github.io/bakkiya-portfolio/)

## PROJECT

### Personal Portfolio Website

- Developed a responsive and visually appealing portfolio website using React.js to showcase my skills, projects, and achievements, ensuring a seamless user experience.

### Non-Repeating, Normalized Questionnaire Sets Generation

- Generates unique, balanced question sets without repetition using Go lang (backend), HTML, CSS, JavaScript (frontend), Beautiful Soup & Jsoup (parsing). Ideal for assessments, exams, and surveys.

### Object Detection using Python and OpenCV

- Detects and tracks objects in images or videos using OpenCV and Python. Supports real-time detection.

## SOFT SKILLS

1. **Adaptability:** Quick to adjust and thrive in changing environments
2. **Problem-Solving:** Proactive in identifying and resolving complex issues.
3. **Teamwork:** Strong team player with a history of successful group contributions.

## INTERNSHIP

Full Stack Web Development
